

# Folsom EcoHousing

A Family-Friendly Green Neighborhood

- **A pedestrian-friendly village** for people of all ages, where neighbors know and care about each other. Young folks have mentors, older folks have support.
- **Outstanding location:** Residents can walk or bicycle to Light Rail, the American River Parkway, and Historic Downtown Folsom.
- **An environmentally-friendly neighborhood** with energy-efficient homes, generous open space, mature trees, organic gardens, and a centrally-located Common House.
- **36 flats and two townhomes**, some with river views. Home sizes range from one to four bedrooms.
- **Join us** on one of our monthly site tours or potlucks.
